Diana Frisbie
Principal

Vision and Hearing Screenings will be held at your student's school next week.

Please be aware that a Vision Screening is not a substitute for a complete evaluation by an eye doctor.

Your student is not required to undergo the Vision Screening if an Optometrist or Ophthalmologist has completed and signed a "State of Illinois Eye Exam Report" indicating that an examination has been administered within the past twelve months, and the report is currently in your student's health file at school.

The State of Illinois Mandated Grades that will be tested.

Vision Screenings will be done for second graders.

Hearing Screenings will be done in grades 1, 2 and 3.

All transfer students from out of state will be tested for both Vision and Hearing.

Non mandated grades that will be tested.

Vision screenings will be done for 5th graders

If your student is NOT in a mandated grade to be tested and you have concerns regarding their Vision or Hearing, simply send a request to your child's teacher and they will be tested.

Students who fail the initial screenings will be *rescreened* in two weeks. At that time, if failure criteria is again met, a vision or hearing referral will be sent to you by mail advising an exam for further evaluation for your student.

Thank you for your cooperation.

Sincerely,
Pam Bates, RN
IL Certified Vision and Hearing Technician
