Goal:

*Write a reflection for the goal you have pursued this year. Your reflection should be no more than five paragraphs. It is intended to provide insights into your work during the year.*

1. To what extent did you achieve your goal?

2. Did you find it necessary to modify your goal or your IPLP as you learned more?

3. Which of the activities on your IPLP did you find most useful? Did you do some activities that you not initially planned? If so, what were they?

4. In what ways were your colleagues helpful to you in working toward your goal?

5. Do you intend to continue working on this goal next year? Why or why not?
