Individual Professional Learning Plan

Teacher's Name:
Mentor's Name: **Date:**
School: **Principal's Signature: _____**

Using your self-assessment tool, your mentor's input and district initiative, write a SMART (Specific, Measurable, Attainable, Relevant and Time-bound) Goal that drives your professional growth for the current school year.

What new knowledge and strategies will you use and incorporate during the process of achieving these goals?

How will you assess the success of this goal? What data will you collect to show progress? When the plan is successful, what will student know and be able to do different than previous years?
